SOON TO REMOVE  
CHAMBER OFFICES

Administration Quarters Expected to Occupy Sixth Street Building on September 18.

The Chamber of Commerce headquarters will be moved from the eighth floor of the Mutual Building, where they have been located for nearly two years, to the spacious new home of the Chamber and the Manufacturers' Exhibit, at Sixth and Main Streets, on September 18. The moving date, however, is subject to change by the contractors without notice.

Secretary R. A. Dunlop and Business Manager W. T. Dabney were originally promised that they might take possession of their new quarters on September 1, but the subsequent alteration of the building plans caused a postponement of moving day until September 18. When the heavy work of the building, as at first designed, was practically finished, the Chamber of Commerce decided to add two more stories to it, and the completion of the building was naturally delayed.

The present quarters in the Mutual Building have been rented, it is understood, and the chamber officers must vacate in order to allow the new tenant to take possession. An attempt will be made by the chamber to retain possession a short while longer, as the new building is far from finished, but this may not be possible. Secretary Dunlop understands that the chamber must surrender its Mutual Building offices on September 18, even though the Sixth Street building may be uncompleted. It is probable that the contractor will be able to rush work on the portion of the building to be occupied by the administration offices and have them in shape by the appointed date.

**Southern Railway Earnings.**  
Estimated earnings of the Southern Railway for the first week in September show an increase of \$4,058, as compared with the corresponding week last year.

**Appeals From Fine.**  
A fine of \$10 and costs was imposed upon M. Everhardt yesterday morning in Police Court for tacking a cloth sign to the building at 418 West Broad Street. He noted an appeal to the Hustings Court.
